

COUNTY COUNCIL OF ANNE ARUNDEL COUNTY, MARYLAND

Legislative Session 2015, Legislative Day No. 31

Bill No. 75-15

Introduced by Mr. Walker, Chairman (by request of the County Executive)

By the County Council, July 6, 2015

Introduced and first read on July 6, 2015 Public Hearing set for and held on September 8, 2015 Bill Expires October 11, 2015

By Order: Elizabeth E. Jones, Administrative Officer

A BILL ENTITLED

1	AN ORDINANCE concerning: 2015 Amendments to the Solid Waste Management Plan
2	2013
3	
4	FOR the purpose of amending the Anne Arundel County Solid Waste Management Plan
5	2013 to include a Special Events Recycling Program and a list of Special Events
6	Recycling Locations; and generally relating to the Anne Arundel County Solid Waste
7	Management Plan.
8	
9	BY repealing and reenacting, with amendments: § 18-2-103(a)(5)(vii)
10	Anne Arundel County Code (2005, as amended)
11	
12	SECTION 1. Be it enacted by the County Council of Anne Arundel County,
13	Maryland, That Section(s) of the Anne Arundel County Code (2005, as amended) read as
14	follows:
15	
16	ARTICLE 18. ZONING
17	
18	TITLE 2. GENERAL PROVISIONS
19	
20	18-2-103. Planning for future development.
21	
22	(a) Guides. The following documents shall be used as a guide in the future
23	development of land in and location of public services and facilities by the County:

1 (5) the following additional County plans: 2 3 (vii) the Anne Arundel Solid Waste Management Plan 2013, as adopted by Bill No. 91-13 AND AMENDED BY BILL NO. 75-15. 4 5 6 SECTION 2. And be it further enacted, That the Anne Arundel County Solid Waste Management Plan 2013 is hereby amended as follows: 7 8 9 1. In Appendix D of the Plan, insert the "Special Events Recycling Program", attached hereto as Exhibit A: and 10 11 12 2. In Appendix D of the Plan, insert "Special Events Recycling Locations", attached hereto as Exhibit B. 13 14 15 SECTION 3. And be it further enacted, That the Anne Arundel County Solid Waste Management Plan 2013, as amended by this Ordinance, is incorporated herein by 16 reference as if fully set forth. A copy of the Anne Arundel County Solid Waste 17 Management Plan 2013, as amended by this Ordinance, shall be permanently kept on file 18 with the Administrative Officer to the County Council, the Office of Planning and 19 Zoning, and the Department of Public Works. 20 21 SECTION 4. And be it further enacted, That this Ordinance shall take effect 45 days 22 from the date it becomes law. 23 READ AND PASSED this 8th day of September, 2015 By Order: eth E. Jones Administrative Officer PRESENTED to the County Executive for his approval this 9th day of September, 2015 Elizabeth E. Jones Administrative Officer APPROVED AND ENACTED this day of September, 2015

> Steven R. Schuh County Executive

EFFECTIVE DATE: October 26, 2015

I HEREBY CERTIFY THAT THIS IS A TRUE AND CORRECT COPY OF BILL NO.

Elizabeth E. Jones
Administrative Officer

Special Events Recycling Program

Background

In 2014, the Maryland General Assembly passed Senate Bill 781, *Environment – Recycling – Special Events*. The law requires organizers of special events meeting certain criteria to provide a recycling receptacle adjacent to each trash receptacle, ensure recycling receptacles are clearly distinguished from trash receptacles, and ensure that recyclable materials are collected for recycling. Special event organizers must conduct recycling in accordance with the County's Solid Waste Management Plan (SWMP). The law also requires each county to update its plan by October, 2015, to address the collection and recycling of recyclable materials from special events.

Special Events Subject to the Recycling Program

The Environment Article, § 9-1712, of the State Code, requires Special Events Organizers (SEO) to provide for recycling at events that meet the following criteria:

- 1. Include temporary or periodic use of a public street, publicly owned site or facility, or public park;
- 2. Serve food or drink; and
- 3. Are expected to have 200 or more persons in attendance.

Projected attendance may be estimated based on past attendance, number registered to attend, the venue's seating capacity, or other similar methods.

The County has identified public sites within the County that host or may host Special Events meeting the above criteria. In addition to the sites listed individually in the charts contained in Exhibit 1 to this Special Events Recycling Program (SERP), Special Events taking place on any other Municipal, State, or Federally-owned property are also included in the SERP.

Materials and Obligations

SEO's are responsible for:

- 1. Providing and placing recycling receptacles adjacent to each trash receptacle at the event;
- 2. Ensuring that recycling receptacles are clearly distinguished from trash receptacles by color or signage;
- 3. Providing any other labor and equipment necessary to carry out recycling at the event;
- 4. Ensuring that materials placed in recycling receptacles are collected and transported for recycling; and
- 5. Paying any costs associated with recycling at the special event.

SEO's may fulfill the requirement to ensure materials are collected and transported for recycling through one or more of the following methods:

- 1. Transporting collected materials to one of the County's recycling drop-off sites;
- 2. Contracting with a recycling hauler to collect the materials and transport them to a recycling processor; or
- 3. Receiving prior agreement from the site owner to use an existing recycling collection system available at the site.

The SERP must include collection of at least plastic containers, metal containers, glass containers, and paper. The SEO may assess the availability of food scraps recycling services for the event though as of October 2014, there are no commercial scale food scraps composting facilities within Anne Arundel County, or the Baltimore Metropolitan area. If such services become available, the SEO may provide for food scraps recycling, including provision of separate containers for organic and non-organic recyclables.

Recycling at a State-owned site must follow the State agency's recycling plan, if available. Recycling at a federally-owned site must follow any applicable federal recycling plan. If no State or federal recycling program is available for the site, the SEO may develop a recycling program in accordance with the SERP. Recycling at municipally-owned sites must follow any applicable regulations established by the municipality.

Stakeholders

The following stakeholders will be involved in the SERP:

- 1. DPW's Bureau of Waste Management Services: Responsible for overseeing the Recycling and Waste Reduction Division's activities and assuring that all properties that potentially host events falling under the recycling mandate in the Environment Article, § 9-1712, of the State Code are included in the SERP. In cooperation with the County's Health Department, Department of Recreation and Parks, Board of Education and Community College, DPW is responsible for communicating the requirements of the law to prospective SEO and owners or operators of publicly-owned sites in the County. The Recycling and Waste Reduction Division may also assist special events organizers in setting up recycling programs.
- 2. SEO's: Responsible for providing recycling bins and ensuring collection for recycling in accordance with the requirements outlined within the Materials and Obligations section, beginning no later than October 1, 2015.

Program Monitoring

The Recycling and Waste Reduction Division and SEO will monitor progress and performance of the SERP, however it is the responsibility of the SEO to implement the program.

Recycling at events subject to the SERP will be ensured by doing the following:

1. Special Event Permits issued for use of County sites will include a statement on the Permit Application that recycling is required for all events that meet the SERP criteria. The application form will require a certification that the SEO will provide for recycling in accordance with the requirements of the SERP.

2. A fact sheet or other informational document such as a flyer or brochure outlining the requirements of the SERP will be distributed with each Special Event Permit issued by the County.

The SEO is responsible for monitoring the implementation of recycling at the special event. In addition, they must oversee placement and labeling of recycling receptacles and collection and recycling of recyclables. Performance of any recycling contractor engaged for compliance with the SERP must be monitored by the SEO to ensure proper performance. The SEO must promptly take action to correct any deficiencies in contractor performance.

Program Enforcement

The Recycling and Waste Reduction Division will monitor the implementation of SERP and may conduct inspections of events from time to time to ensure compliance. If necessary, the County Office of Law will be consulted on any enforcement action contemplated as provided in the State Law."
