2024-06-30 11:49:51	Genevieve	Stewart	Severna Park	Maryland	21146	Yes	A subdivision is being built, creating a road through the woods and connecting to Simmons Lane North. The contractors have asked for certain restrictions to be ignored. The subdivision will create a road along the line of the stream that directly leads to Cattail Creek. Not only will the subdivision create a hardship on the environment, the modifications of restrictions are detrimental to the area around the subdivision. I have attached the information sent to us. This is a dense area of woods that will be ripped up. The trees there are very mature trees.	https://www.aacounty.org/system/files/webform/cc_general_testimony/30054/IMG_9796.jpeg
