Capital Budget and Program

FY2025 Council Approved

Anne Arundel County, Maryland

F441500 Rep/Ren Volunteer FS

Project Class:

Public Safety

Description

Dept:

Fire

Funds are approved and requested for repair and renovation of volunteer owned fire stations throughout Anne Arundel County. The fire stations will contract with the County for long term utilization of the facility.

Benefit

This project is necessary to meet operational efficiency.

Financial Information

Initial Total Cost Est: \$200,000
Year First Apprvd: 1995
Est. Operating Budget Impact: Potential savings/cost avoidance

F543900 Fire Suppression Tanks

Project Class:

Public Safety

Description

Dept:

Fire

This project will repair or replace existing underground water/fire suppression tanks in communities not served by public water to ensure proper function when needed. The identified inventory includes over 300 tanks. This project may also include the provision of new water/fire suppression tanks as conditions require. This would include large capacity, self-filling (by well) drafting tanks similar to the one off of Muddy Creek Road.

Benefit

Public/Fire/Life Safety

Financial Information

Initial Total Cost Est: \$2,400,000

F560700 Public Safety Radio Sys Upg

Project Class:
Dept:

Public Safety
Info Tech

Description

This project is to replace and upgrade the existing 800MHz radio system, including the replacement or upgrade of existing mobile and handheld radios that are not P25 industry standard compatible. This project will also improve coverage through the installation of additional towers, and include the purchase of additional P25 radios. The existing radio system infrastructure maintenance and support will be at the end of its service life in FY16. Parts and service will not be available for the County system which is critical for Public Safety. The original system installation was in 2001 and has served the County well for 15 years. This project is 100% eligible for use of impact fees.

Benefit

Enhanced communication and interoperability to promote public safety.

Financial Information

Initial Total Cost Est: \$20,500,000
Year First Apprvd: 2014
Est. Operating Budget Impact: Indeterminate

F563000 Police Training Academy

Project Class:

Public Safety

Description

Dept:

Police

This project includes design and construction of new administration and fitness buildings, site improvements including a running track, the creation of a scenario based training complex, and renovations of the fire arms building and pistol range at the existing Police Academy site in Davidsonville.

Benefit

Replacement and Improved Efficiency. The existing buildings used for education, training and administration are outdated and inadequate for the Academy needs.

F563300 Jacobsville Fire Station

Project Class:

Public Safety

Description

Dept:

Fire

This Project includes the design and construction of a new fire station to replace the existing Jacobsville Fire Station at the current location of the combined Eastern District Police/Fire Station. This project is 100% eligible for use of Impact Fees.

Benefit

Replacement and Improved Efficiency. The existing station, added on to the Eastern District Police Station in the 1980's, is outdated and inadequate. This project will build a single use facility, 3 bay fire station to replace the existing fire station at the same location. This is supported by the 2008 TriData Fire Department Deployment Study for replacement.

Project Status

F572800 New Police C.I.D. Facility

Project Class:

Public Safety

Description

Dept:

Police

This project provides for the acquisition and renovation / reconfiguration of property located on Veterans Hwy in Millersville for the purpose of housing the Criminal Investigative Division (CID). See Bill 74-17.

Benefit

The current Crownsville facility that houses CID has been lacking fire suppression, file space, and other problems. Relocation to a new facility is the least costly option. The utilization of one facility would merge all of the units of CID together that are currently operating out of multiple different trailer units.

Project Status

F575100 Evidence & Forensic Sci Unit

Project Class:

Public Safety

Description

Dept:

Police

The purpose of this project is to remove the current mobile trailers utilized as Drug and DNA Crime Lab and Property Management and construct a new facility to house the Crime Lab, Evidence Collection and Forensic Firearms Lab.

Benefit

This project would eliminate moisture problems that currently contaminate the ammunition evidence. This project would also create a centralized location for all three units that would allow for appropriate space to meet current needs and future projected growth.

Financial Information

Initial Total Cost Est: \$7,307,000
Year First Apprvd: 2019
Est. Operating Budget Impact: Indeterminate

F580200 Fire Training Academy Repl.

Project Class:

Public Safety

Description

Dept:

Fire

This project will construct a new, modern Fire Training Academy that meets the needs & requirements of the department and residents of the county. It will provide adequate apparatus storage, classroom space, administrative space, a burn building, a drill tower, space for a driver's training course, and other spaces/areas related to training Fire and EMS providers. The site will be located on 95 acres of County owned property at 1791 Generals Highway.

Benefit

The existing Fire Training Academy was constructed in 1969, and renovated in the late 1980's, to serve approximately 500 employees/volunteers. The Department has grown in size to 1400 employees and volunteers. The facility is utilized seven days a week until approximate 10:00 PM and is routinely full to capacity. Many training requests are unable to be accommodated due to lack of space.

Project Status

1. Current Status Of This Project: Active
2. Action Taken In Current Fiscal Year: Planning, Design
3. Action Required To Complete This Project: Design, Construction, Performance

Changes from Prior Year

1. Change in Name or Description: None
2. Change in Total Project Cost: Increased due to current cost estimates; added FY30 funding.
3. Change in Scope: None
4. Change in Timing: Shifted utility cost from FY28 to FY26.

F580400 Zetron Tone Generator

Project Class:

Public Safety

Description

Dept:

Fire

This project is to replace the tone-based alerting system used as part of the Fire Department dispatch system. This system broadcasts unique tones in order to alert the pagers and base station radios in each fire station for emergency response. Parts and service are no longer available for the system, which is critical for public safety at this time.

F580500 Cntrl Holding & Proc. Parking

Project Class:

Public Safety

Description

Dept:

Detention Ctr

This project will provide additional staff parking on Jennifer Road across from the West Annapolis fire station. Currently, parking spaces are provided at the Annapolis Exchange and staff are shuttled to and from the Detention Center.

Benefit

The benefits include improved retention efforts in difficult-to-fill positions and security in a volatile public safety industry. This also benefit visitors, attorneys, and commissioners conducting business with the Jennifer Road Detention Center or the Central Holding and Processing Center. Security will be improved for both staff and visitors with adequate, safe parking.

F580600 Police Special Ops Facility

Project Class:

Public Safety

Description

Dept:

Police

This project is to relocate the Police Department's Special Operations Quick Response Team (QRT) and K-9 Units to a more convenient location within walking distance of the existing Special Operations offices and K-9 center, as the 3 facilities within the old B & A Utility building property in Glen Burnie are to be renovated to other uses. The proposed project would occupy the wooded area next to the Combined Support Services Complex between the K-9 center and I-97 already owned by the County.

Benefit

Allows for continued public safety services.

Financial Information

Initial Total Cost Est: \$7,420,000
Year First Apprvd: 2021
Est. Operating Budget Impact: Indeterminate

F582900 Arundel Fire Station Replace.

Project Class:

Public Safety

Description

Dept:

Fire

Construct a replacement approx. 13,500 sf, four-bay drive-through fire station with administrative, support, and living areas to serve Crofton and the surrounding areas, located in an area served by both water and sewer, and located in a manner that will enhance service to the citizens. The fire station will be staffed by Anne Arundel County Firefighters and members of the Arundel Volunteer Fire Department.

Benefit

A new facility will avoid the costs to maintain an aging station and accessing public water and sewer. Moving north will improve response times to many of the station's calls.

Financial Information

Initial Total Cost Est: \$895,000
Year First Apprvd: 2022
Est. Operating Budget Impact: Indeterminate

Project Status

1. Current Status Of This Project: Programmed
2. Action Taken In Current Fiscal Year: None
3. Action Required To Complete This Project: Planning, Design, ROW, Construction, Performance

Changes from Prior Year

F583000 Waugh Chapel Fire Station Repl

Project Class:

Public Safety

Description

Dept:

Fire

Construct a new fire station to replace the existing Waugh Chapel Fire Station, including administrative, support, and living areas, as well as a public meeting space. The current fire station will remain in service during the construction of the new station. The fire station will be staffed by Anne Arundel County Firefighters.

Benefit

The existing station was built in 1977. A new facility will avoid the costs to maintain an aging station and allow for an appropriately sized and staffed fire station in this growing area of the county, where the demand for service continues to rise.

Financial Information

Initial Total Cost Est: \$37,005,000
Year First Apprvd: 2022
Est. Operating Budget Impact: Indeterminate

Project Status

1. Current Status Of This Project: Programmed

F583100 FD Infrastructure Repairs

Project Class:

Public Safety

Description

Dept:

Fire

This program will provide funding that will be used for the repair, renovation, and upgrade to existing Fire Department facilities. The program is focused on maintaining safe, adequate living conditions and infrastructure.

Benefit

Establishing a recurring fund will allow the Fire Department to take corrective actions in order to maintain safe, adequate infrastructure.

Financial Information

F586600 New Police Firing Range

Project Class:

Public Safety

Description

Dept:

Police

New 24 lane fully enclosed Firing Range for police officer weapons training. Twelve lanes to be handgun length only and 12 to be rifle length. Project includes restrooms, storage, and weapons cleaning area.

Benefit

The new facility would provide noise containment and protection from weather, allowing 24/7 use if desired, a dedicated ventilation system to remove contaminated air from the shooters' vicinity, maintaining a healthy breathing environment and containment of lead and other contaminants within the range, keeping them out of the surrounding air, soil, and water.

DPW-Engineering

Description

This project is to allow for settlement of claims and items during project performance phase for Fire and Police capital projects that have been closed out. Available balances from completed projects will be the primary source of funding for this project.

Benefit

This fund will ensure that we can settle claims in the most expedient manner.

Anne Arundel County, Maryland

F563100 Crownsville Fire Station

Project Class:

Public Safety

Description

Dept:

Fire

This project would provide funding for the replacement of the fire station formally known as Herald Harbor Fire Station. Construct an approx. 15,500 sf, four-bay drive-through fire station with administrative, support, living, and community meeting areas. This project is 100% eligible for use of public safety impact fees.

Benefit

Improved Efficiency and Replacement. The relocation of the Herald Harbor Fire Station is identified in the TriData Fire Department Deployment Study as a High Priority Project to improve overall efficiency of operations and extend the useful life of County infrastructure.

Financial Information

Initial Total Cost Est: \$6,111,000
Year First Apprvd: 2015

Anne Arundel County, Maryland

F563500 Galesville Fire Station

Project Class:

Public Safety

Description

Dept:

Fire

This Project includes land acquisition, design and construction of a new fire station to replace the existing Galesville Fire Station at a location in the vicinity of the intersection of Owensville/Galesville Road (MD255) and Muddy Creek Road (MD468). This project is 100% eligible for use of impact fees.

Benefit

Replacement and upgrade of the existing fire station to better meet the needs of the Department; Improved Efficiency to provide better response coverage in the area as identified in the 2008 TriData Fire Department Deployment Study.

Project Status

F572900 Fire Station Program

Project Class:

Public Safety

Description

Dept:

Fire

This project serves as a "place holder" in the program years of the capital improvement program (CIP). Funding can be allocated in the CIP for the orderly pursuit of a regular fire station building program without requiring the premature identification of where the most cost efficient & programmatically effective locations will be. This project will not be the subject of any appropriation & therefore no expenditures will ever accrue against this project. The programmed funding for each fire station replacement is allocated over a three-year period whereby \$500,000 is allocated for design two years from construction, \$500,000 is allocated for land acquisition one year from construction, and \$5 million is allocated for construction. These three-year allocations are sequenced with a one-year overlap to accommodate a cycle that programs funds to replace one fire station every other year.

Benefit

Financial Information

Initial Total Cost Est: \$7,000,000

Capital Budget and Program

FY2025 Council Approved

Anne Arundel County, Maryland

F578300 Police & Fire Placeholder

Project Class:

Public Safety

Dept:

X Not Assgnd

Description

The sole purpose of this project is to serve as a "place holder" in the program years of the capital improvement program (CIP). In this way funding can be allocated in the CIP for the orderly pursuit of a large list of "Unfunded Requests" for improvements to existing or for new Police & Fire facilities without requiring the premature identification of the most cost efficient and programmatically effective improvements.

This project will not be the subject of any appropriation and therefore no expenditures will ever accrue against this project.

This project does not address Fire Stations and/or Emergency Medical Services (EMS) only facilities because that scope is already covered by an existing "place holder" project. See Project F572900 - Fire Station Program.

Benefit

Provides for the reservation of funds in the program years of the CIP pending the results of a collaborative review to determine the scope and timing of most cost efficient and programmatically effective improvements.

Financial Information

Initial Total Cost Est: \$70,000,000
Year First Apprvd: 2020

F580300 Cape St Claire FS Replacement

Project Class:

Public Safety

Description

Dept:

Fire

Construct a replacement approx. 15,500 sf, four-bay drive-through fire station with administrative, support, and living areas to serve Cape St. Claire and surrounding areas. This project has been determined to be the number one priority in the Anne Arundel County Fire Station Study. If possible the station should be located on the existing Cape St. Claire Fire Station property. The current fire station will remain in service during construction of the new station. The fire station will be staffed by Anne Arundel County Firefighters and members of the Cape St. Claire Volunteer Fire Department.

Benefit

This existing fire station built in 1950 was rated in "adequate" condition in the "Fire Services Deployment Study - 2008". Subsequent evaluation of the building by the FD and FMD, based upon current condition and needs, indicates that a replacement fire station is warranted.

Financial Information

Initial Total Cost Est: \$11,918,000

Anne Arundel County, Maryland

F580700 Circuit Court Cell Replace

Project Class:

Public Safety

Description

Dept:

Sheriff

This project provides for the replacement of the cell doors and mechanisms to be consistent with the latest technology used at the Anne Arundel County Detention Center. The project will also include control board replacement for remote opening and closing of cell doors.

Benefit

Failing and aging detention cell block equipment creates a public safety risk within the County Circuit Court building and for the local public.

Financial Information

Initial Total Cost Est: \$708,000
Year First Apprvd: 2021
Est. Operating Budget Impact: Indeterminate

Project Status

F583200 ORCC Recreation Yard Covers

Project Class:

Public Safety

Description

Dept:

Detention Ctr

This project will provide a security fencing cover for the inmate recreation yards in Housing Units E-3 and E-4 at ORCC. This cover will require a structural steel support frame to hold the security fencing in place above the yard floor.

Benefit

To enhance the security of the facility and allow for pre-trial inmates to be housed at the Ordnance Road Correctional Center. This will allow for pre-trial inmates to have outside recreation on a daily basis.

F586500 JRDC Security System Upgrade

Project Class:

Public Safety

Description

Dept:

Detention Ctr

Upgrade the existing proprietary door control boards and intercom boards with new non-proprietary commercial equipment. This will include upgrading the existing PLC system with all new Ethernet based I/O modules and new Syntinel computers and Harding Voice over IP (VoIP) master stations at each Syntinel location. All the existing access control Control controllers with Moxa serial to Ethernet servers will also be upgraded.

Benefit

The critical functions of this system include monitoring (by camera & intercom) and operating security doors throughout the facility from designated Control Stations. This system also monitors security rounds by officers who are in charge of inmate safety and security. If the system were to fail prior to upgrade, essential inmate and staff movement throughout the facility would be compromised thereby endangering the safety and security of both staff and inmates.

F589600 ORCC Comp Reentry Hub

Project Class:

Public Safety

Description

Dept:

Detention Ctr

Based on a repurposing study conducted at Ordnance Road Correctional Center (ORCC) a recommendation was made to provide a comprehensive reentry hub in space currently not being used by inmates. This reentry hub will provide services to the internal population and to individuals on the House Arrest Alternative Sentencing Program (HAASP) and the Pretrial Supervised Release Unit (PSRU). Unit C1 will be converted into appropriate space for various services such as seminars, training classes, mental health assistance, housing and transportation, and addiction counseling

Benefit

The reentry hub will provide space for programs to assist incarcerated and alternative sentenced individuals with successfully reentering society.
