## REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Board of Trustees of  
Anne Arundel Retiree Health Benefits Trust  
Annapolis, Maryland

### *Opinion*

We have audited the accompanying combined statement of fiduciary net position of the Anne Arundel Retiree Health Benefits Trust (the OPEB Trust), a component unit of Anne Arundel County, Maryland, as of and for the year ended June 30, 2024, and the related combined statement of changes in fiduciary net position for the year then ended and the related notes to the financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the combined financial position of the OPEB Trust as of June 30, 2024, and the respective changes in the fiduciary net position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### *Basis for Opinion*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the OPEB Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the OPEB Trust's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the OPEB Trust's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the OPEB Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal controls-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedules of changes in net OPEB liability and related ratios, the schedule of employer contributions, the schedule of money-weighted rate of returns net of fees and the schedule of contributions by plan be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards

Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the OPEB Trust's basic financial statements. The combining statement of fiduciary net position and combining statement of changes in fiduciary net position are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated September 20, 2024 on our consideration of the OPEB Trust's internal controls over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal controls over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal controls over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the OPEB Trust's internal controls over financial reporting and compliance.

**Anne Arundel County Maryland  
Retiree Health Benefits Trust  
Management’s Discussion and Analysis  
For The Year Ended June 30, 2024**

As management of the Anne Arundel County Maryland Retiree Health Benefits Trust (OPEB Trust), we offer readers of the annual financial report this narrative overview and analysis of the financial activities of OPEB Trust as of and for the fiscal year ended June 30, 2024. OPEB Trust has fiduciary responsibility to administer an investment trust for four plans for the purpose of providing retiree health benefits as “other post-employment benefit” for four entities: The Anne Arundel County Plan (County Plan), the Anne Arundel County Public School System Plan (Public School Plan), the Anne Arundel Community College Plan (College Plan), and the Public Library Association of Annapolis and Anne Arundel County, Inc. (Library Plan).

**Financial Highlights**

Total assets for OPEB Trust exceeded total liabilities at June 30, 2024 by \$591.6 million. Net position of \$591.6 million is restricted and held in trust for retiree health benefits. Contributions to OPEB Trust totaled \$91.7 million comprised of \$66.3 million to the County Plan, \$4.2 million to the College, \$2.0 million to the Library, and \$19.2 to the Public School Plan. Investment and other gains was \$71.2 million for the year. Total deductions of \$59.2 million were, \$54.5 million, \$3.2 million, \$1.4 million, and \$35 thousand for the County, College, Library, and Public School Plans respectively.

**Overview of the Basic Financial Statements**

This discussion and analysis is intended to serve as an introduction to OPEB Trust’s basic financial statements and notes to the financial statements. The financial statements include the activity for the County Plan, the College Plan, and the Library Plan. OPEB Trust’s financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting. They include a Combined Statement of Fiduciary Net Position and a Combined Statement of Changes in Fiduciary Net Position.

The Combined Statement of Fiduciary Net Position shows OPEB Trust’s assets less related liabilities as of June 30, 2024. The difference between assets and liabilities are reported as Plan net position. Changes in net position over time may be helpful in indicating an improving or deteriorating financial position.

The Combined Statement of Changes in Fiduciary Net Position presents additions and deductions to each Plan’s net position during the fiscal year. These financial statements present all underlying events, which give rise to the changes, regardless of the timing of the related cash flows. Items such as accrued interest receivable will produce changes in cash in a future fiscal period.

**Notes to the Basic Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the financial statements. Notes are presented on pages 10 through 14 of the report.

**Required Supplementary Information**

The Required Supplementary Information section provides actuarial determined information about the Plans’ contributions, and investment returns.

## Summary of Financial Information

The following Summaries of Net Position and Changes in Net Position present financial information for OPEB Trust.

### Summary of Assets, Liabilities, and Net Position by Plan

(in thousands)

For the Year Ended June 30, 2024

	<b>County Plan</b>	<b>College Plan</b>	<b>Library Plan</b>	<b>Public School Plan</b>	<b>Total</b>
Investments and other assets	\$ 541,928.8	\$ 28,055.9	\$ 7,650.0	\$ 19,380.1	\$ 597,014.8
Liabilities	4,824.6	2.7	0.8	34.8	4,862.9
Net position held in trust	<u>\$ 537,104.2</u>	<u>\$ 28,053.2</u>	<u>\$ 7,649.2</u>	<u>\$ 19,345.3</u>	<u>\$ 592,151.9</u>

For the Year Ended June 30, 2023

	<b>County Plan</b>	<b>College Plan</b>	<b>Library Plan</b>	<b>Public School Plan</b>	<b>Total</b>
Investments and other assets	\$ 466,387.7	\$ 23,553.8	\$ 6,174.6	\$ 0.0	\$ 496,116.1
Liabilities	8,322.7	2.6	0.8	0.0	8,326.1
Net position held in trust	<u>\$ 458,065.0</u>	<u>\$ 23,551.2</u>	<u>\$ 6,173.8</u>	<u>\$ 0.0</u>	<u>\$ 487,790.0</u>

The increase of \$103.8 million in net position held in OPEB Trust as of June 30, 2024, is primarily due the increase in investments and other assets. Contributions of \$91.7 million and net investment gain of \$71.2 million were in excess of \$59.1 million total deductions, which includes primarily insurance claims and premiums. This resulted in a change in net position as of June 30, 2024 of \$103.8 million compared with \$86.5 million as of June 30, 2023.

For the Year Ended June 30, 2023

	<b>County Plan</b>	<b>College Plan</b>	<b>Library Plan</b>	<b>Public School Plan</b>	<b>Total</b>
<b>Additions:</b>					
Contributions	\$ 87,292.7	\$ 6,035.7	\$ 2,489.7	\$ -	\$ 95,818.1
Investment and other income	42,510.9	2,220.7	567.4	-	45,299.0
<b>Total additions</b>	<b>129,803.6</b>	<b>8,256.4</b>	<b>3,057.1</b>	<b>-</b>	<b>141,117.1</b>
<b>Deductions:</b>					
Benefits	49,115.9	3,065.1	1,474.2	-	53,655.2
Administrative expenses	968.1	8.3	2.0	-	978.4
<b>Total deductions</b>	<b>50,084.0</b>	<b>3,073.4</b>	<b>1,476.2</b>	<b>-</b>	<b>54,633.6</b>
<b>Changes in net assets</b>	<b>79,719.6</b>	<b>5,183.0</b>	<b>1,580.9</b>	<b>-</b>	<b>86,483.5</b>
<b>Net position held in trust, beginning of year</b>	<b>378,345.3</b>	<b>18,368.1</b>	<b>4,593.0</b>	<b>-</b>	<b>401,306.4</b>
<b>Net position held in trust, end of year</b>	<b>\$ 458,064.9</b>	<b>\$ 23,551.1</b>	<b>\$ 6,173.9</b>	<b>\$ -</b>	<b>\$ 487,789.9</b>

Contributions year-over-year ended June 30, 2023 and 2024 decreased by \$4.1 million and are determined by actuarial valuations. Insurance subsidies and rebates increased by \$3.7 million. In Fiscal Year 2024, insurance subsidies and rebates are \$18.5 million compared to Fiscal Year 2023 at \$14.8 million.

Net investment income increased from \$45.3 million in Fiscal Year 2023 to \$71.2 million in Fiscal Year 2024, a \$25.9 million increase. It is primarily due to net appreciation in the fair value of investments of \$55.3 million in Fiscal Year 2024 from \$30.8 million appreciation in Fiscal Year 2023. There was an increase in interest and dividends of \$1.3 million. Investment expenses increased by approximately \$44.8 thousand from \$316.8 thousand in Fiscal Year 2023 to \$361.6 thousand in Fiscal Year 2024 due to the investment in a Real Estate Investment Pool and a Private Market Fund.

Benefit payments increased from \$53.7 million in Fiscal Year 2023 to \$58.0 million in Fiscal Year 2024, a \$4.3 million increase. General and administrative expenses increased from \$978.3 thousand in Fiscal Year 2023 to \$1.1 million in Fiscal Year 2024, a \$154.3 thousand increase.

**Request for Information**

**Anne Arundel County Maryland  
Retiree Health Benefits Trust  
Notes to Basic Financial Statements  
For The Year Ended June 30, 2024**

**1 Description of the Plans**

**A General Information** – The Anne Arundel County Maryland Retiree Health Benefits Trust (OPEB Trust) is an investment trust that includes the Anne Arundel County Government (County) Plan and three component units of the County which are Anne Arundel Community College (College), the Public Library Association of Annapolis and Anne Arundel County (Library), and the Anne Arundel County Public School System (Public School). OPEB Trust is governed by a Board of Trustees with a minimum membership of eight. The members include the County Chief Administrative Officer, the County Controller, the County Personnel Officer, and the County Budget Officer and seven trustees appointed by the County Executive. These financial statements reflect the results of OPEB Trust.

**B Membership by Plan** – Anne Arundel County retirees meeting criteria based upon years of service as defined in County Bill 85-13 are eligible for medical insurance and prescription coverage in retirement. The Library, through its Health Benefits Pooling Agreement with the County, has agreed that its benefits and costs to the retirees will match the County Plan. The Public Schools manages their benefits and only pool investments. The number of participants in OPEB Trust as for Fiscal Year ending June 30, 2023 follows in the table below. Data is based on actuarial valuations dated August 2, 2023.

	<u>County Plan</u>	<u>Library Plan</u>	<u>Total</u>
Employees with medical coverage	3,982	207	4,189
Deferred vested termination	294	-	294
Retirees	2,952	145	3,097
Total	<u>7,228</u>	<u>352</u>	<u>7,580</u>

**C Employee and Employer Contributions** – By Resolution, the County Council establishes the total premium to be charged for County retirees. The County has Health Benefits Pooling Agreements with the College, Library, and Public School which establish premium amounts to cover medical expenses. The College and Library pay a two percent administration fee in addition to the established premium. Administrative costs related to the County’s claims processing as set by the Pooling Agreements are paid to the County Health Insurance Fund.

**2 Summary of Significant Accounting Policies**

**A Basis of Accounting** – OPEB Trust’s financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Member contributions are recognized as revenue in the period in which the contributions are due. Employer contributions are recognized when due and a formal commitment has been made to provide the contributions. Benefits and rebates are recognized when earned and payable. Estimates for rebates are used in the 4th Quarter. Claims are paid by the County when due and subsequently reimbursed by OPEB Trust for the County Plan. Pending reimbursements are reported as liabilities due to Anne Arundel County. The College and Library claims are paid from the Health Insurance Fund under the requirements of the Pooling Agreements.

**B Investments** – Assets held in trust are held in custodial accounts for which the custodian makes no investment decisions. In November 2015, OPEB Trust’s Board of Trustees (Trustees) established an Investment Policy Statement (IPS) to set forth the Trustees’ investment objectives, policies, guidelines, monitoring and review procedures relating to the management and safekeeping of all assets of OPEB Trust. The Investment Policy was revised in August 2023. OPEB Trust’s assets may be invested in large capitalized domestic equities, small capitalized domestic equities, international equities,

emerging international equities, core fixed income, diversified fixed income, and real estate. The Policy allows use of mutual/commingled funds as investment vehicles. The following schedule displays the asset allocation targets in the IPS.

<b>Asset Allocations by Investment Policy</b>			
	<b>Target Allocation</b>	<b>Minimum Allocation</b>	<b>Maximum Allocation</b>
Large Cap U.S. Equities	28%	18%	38%
Small/Mid Cap U.S. Equities	8%	3%	13%
International Equities- Developed Markets	15%	10%	25%
Emerging International Equities	4%	1%	11%
<b>Total Equity</b>	<b>55%</b>	<b>45%</b>	<b>65%</b>
Core Fixed Income	11%	6%	16%
Diversified Fixed Income	14%	9%	19%
<b>Total Fixed Income</b>	<b>25%</b>	<b>15%</b>	<b>35%</b>
Real Estate (Core)	5%	0%	10%
<b>Total Real Estate</b>	<b>5%</b>	<b>0%</b>	<b>10%</b>
Private Market	5%	0%	10%
<b>Total Real Estate</b>	<b>5%</b>	<b>0%</b>	<b>10%</b>
Cash	10%	0%	20%
<b>Total Cash</b>	<b>10%</b>	<b>0%</b>	<b>20%</b>

Interest rate risk is the risk that changes in interest rates will adversely affect the fair market value of an investment. As of June 30, 2024, OPEB trust owned one debt mutual fund with an effective maturity of 8.5 years. The short term investment pool totals \$51.5 million and is valued at \$1 per share.

Foreign currency rate is the risk with exposure to foreign currency rating to potential unfavorable fluctuation of exchange rates compared to the U.S. Dollar. OPEB trust had no direct exposure to foreign currency as of June 30, 2024 as the international equity portion of the portfolio is valued in U.S. currency. The fair market value of the international equity portion of the portfolio is \$122.1 million as of June 30, 2024.

Custodial credit risk for investments is the risk that securities are uninsured, unregistered, and held by the counterparty, or by its trust department or agent, but not in the name of OPEB Trust. As of June 30, 2024, there were no investments exposed to custodial credit risk. OPEB Trust does not have a policy for custodial credit risk.

Concentration risk is the risk of loss attributed to the magnitude of OPEB Trust's investment in a single issuer. As of June 30, 2024, there was no exposure to a single issuer greater than 5.0% of OPEB Trust net position, excluding investment pools.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations to OPEB Trust. Debt securities are rated by Nationally Recognized Statistical Rating Organizations to provide purchasers with an opinion of the capability and willingness of a borrower to re-pay its debt. The following table displays value and ratings for debt issues owned by the Trust as of June 30, 2024.

	<b>Standard &amp; Poor's Credit Ratings</b>				
	<b>Total</b>	<b>AAA-A</b>	<b>BBB-B</b>	<b>CCC-C</b>	<b>NR</b>
Fixed Income Mutual Funds	\$ 160,616,312	\$ -	\$ -	\$ -	\$ 160,616,312
Short Term Investment Pool	50,786,164	-	-	-	50,786,164
<b>Total Debt Securities</b>	<b>\$ 211,402,476</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 211,402,476</b>

Risk and Uncertainties – OPEB Trust invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. The Board of Trustee's risk tolerance is moderate and defined by its desire to improve the funding ratio level while maintaining enough liquidity to pay current benefits. Due to the levels of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in

the near term and that such change could materially affect the amounts reported in the statement of plan net position available for benefits.

Rate of Return – For the year ended June 30, 2024, the annual composite money-weighted rate of return on investments, net of fees, is 11.5% in 2024 compared to 10.4% in 2023 and (12.4%) in 2022. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Actuarial valuations of OPEB Trust involve estimates of the value of reported amounts and assumptions about the probability of future events. Actuarially determined amounts are subject to revisions as actual results are compared to past expectations and new estimates are made about the future.

### **3 Net OPEB Liability of the Trust**

**A** *Net OPEB liability of the trust* – The components of the net OPEB liability of OPEB Trust as of June 30, 2024 were as displayed on the following schedule.

<b>Net OPEB Liability of the Trust</b>			
As of June 30, 2024 (in thousands)			
	<b>County Plan</b>	<b>Library Plan</b>	<b>TOTAL</b>
Total OPEB liability	\$ 726,466	\$ 20,824	\$ 747,290
Plan fiduciary net position	(537,104)	(7,660)	(544,764)
Net OPEB liability	<u>\$ 189,362</u>	<u>\$ 13,164</u>	<u>\$ 202,526</u>

Plan fiduciary net position as a percentage of the total OPEB liability	73.93%	36.78%
---	--------	--------

Note The components of the net OPEB liability of the Trust at June 30, 2024, based on actuarial valuations, are displayed above. The plan fiduciary net position can be found on the Combining Statement of Fiduciary Net Position.

Actuarial assumptions The total OPEB liability was determined by an actuarial valuation as of June 30, 2024, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified.

	<b>County Plan</b>	<b>Library Plan</b>
Inflation	2.50%	2.50%
Discount rate	6.30%	6.30%
Ultimate healthcare cost trend rates	3.94%	3.94%

**B** *Long-term expected real rate of return* – The long-term expected rate of return on OPEB Plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of June 30, 2024 are summarized in the following table.

**2024 30-Year Return Assumptions by Asset Class**

<u>Asset Class</u>	30-Year Geometric Forecast	30-Year Geometric Forecast
	<u>(Nominal Returns)</u>	<u>(Real Returns)</u>
Inflation (CPI)	2.62%	0.00%
Cash	3.51%	0.87%
Core Fixed Income <sup>(1)</sup>	5.10%	2.42%
Diversified Fixed Income <sup>(2)</sup>	6.35%	3.63%
Large Cap Equity	6.32%	3.60%
Small/Mid Cap Equity	7.45%	4.71%
International Equities (Unhedged)	6.15%	3.44%
Emerging Int'l Equities	9.01%	6.22%
Real Estate (Core)	6.51%	3.79%
Private Equity <sup>(3)</sup>	9.89%	7.08%

Notes

*NEPC's 30-year geometric CPI inflation assumption is 2.62%.*

*(1) Core Bonds assumption based on market weighted blend of Bloomberg Barclays US Aggregate Bond Index (Treasuries, IG Credit, MBS)*

*(2) Diversified Fixed Income assumption based on market weighted blend of Treasuries, Investment Grade Corporate Credit, High Yield, Bank Loans, Emerging Market Debt, and Non-US Bonds*

*(3) Private Equity assumption based on blend of Private Equity and Private Debt*

**C Discount rate** – In Fiscal Year 2022, the County, College, and Library began to pool their investments, and in Fiscal Year 2024 the Public Schools joined in pooling their investments. The expected rate of return on assets for all plans is 6.30 percent, as the discount rate for Fiscal Year 2023. The Public Schools joined the investment pool in Fiscal Year 2023.

The discount rate uses the long term expected return based on trust assets. The discount rate remained the same year over year for the County, the College, and the Library.

**D Sensitivity of the net OPEB liability to changes in the discount rate** – The following presents the net OPEB liability of each Plan based on each Plan’s discount rate, as well as what the liability would be if it were calculated using a discount rate that is 1.0 percentage point lower or 1.0 percentage point higher than the current discount rate as of June 30, 2024.

	Discount Rate Sensitivity		
	Net OPEB liability		
	1.00% Decrease 5.30%	Discount Rate 6.30%	1.00% Increase 7.30%
County Plan	\$ 290,959,659	\$ 189,362,393	\$ 106,224,641
Library Plan	\$ 15,814,584	\$ 13,163,998	\$ 10,956,181

**E Sensitivity of the net OPEB liability to changes in the healthcare cost trend rate** – The trend rate selected is based on an economic model developed by a health care economist for the Society of Actuaries. Future medical trend increases could vary significantly from the model. Model inputs will be updated periodically based on the best estimate of the economy at the time. The same trend rate is used for each Plan. The following presents the net OPEB liability for each Plan, as well as what the net OPEB liability would be if it were calculated using healthcare cost trend rates that are one percentage point lower or one percentage point higher than the current healthcare cost trend rates

Healthcare Trend Cost Sensitivity			
Net OPEB liability			
	1.00% Decrease	Trend Rates	1.00% Increase
	2.94%	3.94%	4.94%
County Plan	\$ 87,913,804	\$ 189,362,393	\$ 316,596,576
Library Plan	\$ 10,476,449	\$ 13,163,998	\$ 16,486,451

**4 Actuarial Methods and Assumptions**

Projections of benefits for financial reporting purposes are based on the substantive OPEB Trust (the Plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefits costs between employers and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. The actuarial assumptions used in the latest valuation are as follows.

**Schedule of Actuarial Methods and Assumptions**

---

	<u>County Plan</u>	<u>Library Plan</u>
Actuarial Cost Method	Entry Age Normal	Entry Age Normal
Asset valuation Method	Market value of Assets	Market value of Assets
Actuarial Assumptions		
Discount Rate	6.30%	6.30%
	Long-term expected return based on trust assets	Long-term expected return based on trust assets
Payroll Increase	Pension Plan Assumptions	Pension Plan Assumptions
Ultimate Healthcare Cost Trend Rate	3.94%	3.94%

*Notes:*

- 1) *The health cost trend rate in 2022 and 2023 is 7.50%, in 2024 is 7.50%, in 2025 is 5.20%. The rate in 2030 is 5.01%. The rate in 2050 is 4.64%. The rate in 2070 is 4.20%. The ultimate rate is 3.94%*
- 2) *The Plan's actual benefit payments may be greater or lesser than the amounts shown, depending on the Plan's actual demographic experience, and claims experience.*
- 3) *The information above is from the actuarial valuation reports dated August 26, 2024 which used census valuation data as of January 1, 2023.*

**5 Receivables and Payables**

Accounts receivable for the County Plan includes rebates and subsidies earned but not yet received. Each plan has a small interest receivable earned in June from the Short Term Investment Fund. Accrued liabilities and accounts payable includes estimates of claims for the County Plan and shared expenses for all three Plans

**6 Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates

## 7 Fair Value Measurement

OPEB Trust has categorized its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. OPEB Trust owns three publicly traded and priced mutual funds with a total market value of \$512.8 million as of June 30, 2024. These are categorized as Level 1 inputs and displayed by type in the following schedule. The real estate fund has a net asset value of \$20.4 million and the private market fund has a net asset value of \$1.9 million. As of June 30, 2024, all short-term investments were in money market mutual funds which are not subject to the fair value measurement requirements.

### Fair Value Hierarchy of Trust Investments

<b>Assets at Fair Value June 30, 2024</b>		<b>Quoted Prices in Active Markets for Identical Assets (Level 1)</b>	<b>Significant Other Observable Inputs (Level 2)</b>	<b>Significant Unobservable Inputs (Level 3)</b>
<b>Investment Type</b>	<b>Total Fair Value</b>			
<b>Mutual Funds</b>				
Fixed Income	\$ 160,616,312	\$ 160,616,312	\$ -	\$ -

Notes :

- 1 Source is actuarial data based on preliminary financials and actual financial data. Any difference between this schedule and the final combined statement of changes in fiduciary net position on page 24 is considered immaterial.
- 2 This schedule is presented to illustrate the requirement to show information for 10 years. However, until 10-year trend is compiled, OPEB plans should present information for those years for which data is available.
- 3 There are no benefit changes reflected in the current schedule.
- 4 For the FY 2020 measurement, the medical trend was updated to exclude the impact of the Cadillac Tax.
- 5 Bill 24-19 was effective on July 5, 2019. Under Bill the pre-age 65 subsidy is based on the plan selected instead of the lowest cost plan.
- 6 The discount rate was reduced from 6.75% in 2020 to 6.30% in 2021.
- 7 The healthcare cost trend assumption was updated based on the 2022 SOA Getzen model.

Notes:

Valuation date:

Actuarially determined contribution rates are calculated as of July 1, two years prior to the end of the fiscal year in which contributions are reported.

Changes in Assumptions:

The percentage married assumption for deferred vested participants, the salary scale, mortality assumption, retirement rates, disability rates, and termination rates have been updated to Pension Plan assumptions developed in the experience study report based on January 1, 2017 to January 1, 2022 experience dated November 14, 2022. The healthcare cost trend assumption was updated based on the 2022 SOA Getzen model.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Open group Projected Unit Credit: Prorated to assumed benefit commencement/retirement date.
Amortization method	20-year target period to reach the goal level (90% Funding Target).
Asset valuation method	Market value of assets.
Inflation	2.50%
Healthcare cost trend rates	The health cost trend rate in 2022, 2023, and 2024 is 7.50% in 2025 is 5.20% The rate in 2030 is 5.01% The rate in 2050 is 4.64% The rate in 2070 is 4.20% The ultimate rate is 3.94%
Payroll increases	3.00%
Investment rate of return	6.30% The long-term expected return on assets is based on trust assets.
Decrement assumptions	The retirement decrement is assumed to commence once a participant reaches earliest retirement eligibility.
Mortality	(1) Healthy uses SOA RPH-2014 adjusted to 2006 Blue Collar Headcount-weighted Mortality: MP-2018 Base Year 2006 Fully Generational. (2) Disabled - General County employees uses SOA RP-2014 adjusted to 2006 Blue Collar Mortality with Scale MP-2018 (set forward 9 years). (3) Disabled - Uniformed services employees (Police, Firefighters, and Correctional facilities) uses SOA RP-2014 adjusted to 2006 Blue Collar Mortality with Scale MP-2018 (set forward 5 years).

Covered payroll	\$ 19,535	\$ 17,124	\$ 15,696	\$ 15,459	\$ 14,421	\$ 13,785	\$ 13,203	\$ 12,691	\$ 12,494	\$ 12,015
Contributions as a percentage of covered payroll	8.65%	12.84%	16.48%	22.21%	10.48%	8.28%	12.87%	9.22%	2.33%	0.00%

Notes:

Valuation date

Actuarially determined contribution rates were calculated as of June 30, two years prior to the end of the fiscal year in which contributions are reported.

Changes in Assumptions:

The percentage married assumption for deferred vested participants, the salary scale, mortality assumption, retirement rates, disability rates, and termination rates have been updated to Pension Plan assumptions developed in the experience study report based on January 1, 2017 to January 1, 2022 experience dated November 14, 2022.  
The healthcare cost trend assumption was updated based on the 2022 SOA Getzen model.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Projected Unit Credit: Prorated to assumed benefit commencement/retirement date.
ADC determination methodology	20-year target period to reach the goal level (90% Funding Target)
Asset valuation method	Market value of assets.
Inflation	2.50%
Healthcare cost trend rates	The health cost trend rate in 2022, 2023, and 2024 is 7.50% in 2025 is 5.20% The rate in 2030 is 5.01% The rate in 2050 is 4.64% The rate in 2070 is 4.20% The ultimate rate is 3.94%
Payroll increases	3.00%
Investment rate of return	6.30% The long-term expected return on assets is based on trust assets.
Decrement assumptions.	The retirement decrement is assumed to commence once a participant reaches earliest retirement eligibility and vary by employee type.
Mortality	(1) Healthy uses SOA RPH-2014 adjusted to 2006 Blue Collar Headcount- weighted Mortality: MP-2018 Base Year 2006 Fully Generational. (2) Disabled uses SOA RP-2014 adjusted to 2006 Blue Collar Mortality with Scale MP-2018 (set forward 9 years).

Information about each Plan is presented herewith as required supplementary information. This information is intended to help users assess OPEB Trust's funding status on a going-concern basis, assess progress made in accumulating assets to pay benefits when due, and make comparisons with other OPEB Plans.

## **1 Changes in Actuarial Methods and Assumptions**

Since the actuarial valuations dated April 29, 2021, the discount rate for the County Plan and Library Plan have updated their demographic assumptions to reflect the findings in the Pension Plan's experience study dated November 14, 2022. The College Plan's demographic assumptions were also updated to those assumed in the June 30, 2022 State of Maryland Teachers' Pension valuation. The mortality assumption was updated for all three plans to reflect the most recently released mortality improvement scale by the Society of Actuaries. The healthcare cost long-term trend assumption was updated based on the model released by the Society of Actuaries in October 2021.

Future medical care cost increase rates are unpredictable and could be volatile. They will depend upon the economy, future health care delivery systems and emerging technologies. The trend rate selected is based on an economic model developed by a health care economist for the Society of Actuaries. Future medical trend increases could vary significantly from the model. Model inputs will be updated periodically based on the best estimate of the economy at that time

**REPORT ON INTERNAL CONTROLS OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING  
STANDARDS***

To the Board of Trustees of  
Anne Arundel Retiree Health Benefits Trust  
Annapolis, Maryland

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the accompanying combined statement of fiduciary net position of the Anne Arundel Retiree Health Benefits Trust (the OPEB Trust) as of June 30, 2024, and the related combined statement of changes in fiduciary net position for the year then ended and the related notes to the financial statements, which collectively comprise the OPEB Trust's basic financial statements, and have issued our report thereon dated September 20, 2024.

**Report on Internal Controls Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the OPEB Trust's internal controls over financial reporting (internal controls) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the OPEB Trust's internal controls. Accordingly, we do not express an opinion on the effectiveness of the OPEB Trust's internal controls.

*A deficiency in internal controls* exists when the design or operation of a controls does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal controls, such that there is a reasonable possibility that a material misstatement of the OPEB Trust's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal controls that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal controls was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal controls that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal controls that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

***Report on Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the OPEB Trust's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal controls and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the OPEB Trust's internal controls or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the OPEB Trust's internal controls and compliance. Accordingly, this communication is not suitable for any other purpose.
